
**Receptacle Adapter Ultrasonic and One-Piece Die Cast
Assembly Operations**

1. SCOPE

This specification covers the acceptable requirements and the not acceptable conditions for the Receptacle Adapter Ultrasonic and One-Piece Die Cast Assembly Operations.

2. INSPECTION CRITERIA

Unless otherwise specified, figures are shown at approximately 10X magnification. The Ultrasonic Assembly and the Die Cast Assembly will be inspected without magnification.

NOTE *Even though the pictorials shown in this document are of the SC product family, they are representative of all types of receptacle adapters.*
